Minimum Experience

2 - 4 years

About Dhwani Rural Information System:

Dhwani Rural Information Systems started in 2015, is a development oriented- technology organization envisioned to provide affordable, integrated and smart ICT (Information and Communications Tools) tools to organizations working at the BoP (Bottom of the Pyramid) level. We act as a catalyst for Not for Profit & for Profit Social Enterprises in India by providing technological support in streamlining the organization's process with the help of open source tools from the backend & an application layer built on top of it with an interactive user interface. We work in the area of design, technology & market linkages. We have grown exponentially in the last three years both as a team and as an organization.
